

## EADA scholarships for upcoming intakes 2026-2027

---

EADA awards scholarships to outstanding candidates who demonstrate the potential for superior performance in the programme. At EADA, we are committed to empowering the next generation of leaders who drive change and make a lasting impact across industries. Our merit-based scholarships are designed to support talented individuals, aged 21-25, who demonstrate motivation, impact, and growth potential. Scholarships cover between 10% and 25% of the tuition fee, with the exception of the Scholarship for Excellence, which covers up to 35%. Scholarships are limited and subject to availability. Early applications are encouraged.

- Only candidates who have successfully completed the admission process are eligible to receive a scholarship. We encourage candidates to prepare their scholarship application as early as possible.
- To accept a scholarship, candidates are required to enrol in their chosen master's programme within 10 working days of being awarded the scholarship.
- Candidates can apply to a maximum of two EADA scholarships, although they will receive a maximum of one award.
- Scholarships and discounts do not stack; candidates who receive multiple awards will be automatically awarded the scholarship or discount with the highest value.
- Acceptance of the scholarship entails participation in an academic or administrative project proposed by EADA during the academic year.

### [EADA scholarship application form](#)

Scholarship applications must be sent together with your application for the master's programme. You will be notified of the result of your scholarship application together with the final decision of your admission. The required documentation must be received via email ([scholarships@eada.edu](mailto:scholarships@eada.edu)) by the corresponding deadline.
